A this way. One girl meets another on the street and this is the first question asked: "Got a bid for the next german?"The question is always the same. The reply is the only thing that differs, and this is what shows the woman. The girl that usually gets there will say: "Haven't got a bid myself yet, but Will Smith is coming to my house to night, and if he hasn't an engagement I'll mention to him, in an off-hand way, that you mention to him, in an off-hand way, that you haven't got a beau, and maybe he'll ask you. hope he will." The last mentioned sort of girl is the one that you meet with oftenest down here, so it is a rare thing for a girl to get

ADVENT SUNDAY.

This is the Day-The Origin and Celebration of the Festival by the Churches.

To-day is the first Sunday in Advent and is celebrated as such in some of the Protestant and in the Roman and Greek Catholic churches. In the Greek Church the time of Advent comprises forty days, but in the Roman Church and those Protestant churches in which Advent is observed, only four weeks. The origin of this festival as a church ordi-

nance is not clear.

The first notice of Advent as an appoint. The first notice of Advent as an appointment of the Church is found in the Synod of Lerida 524 A. D., at which marriages were interdicted from the beginning of Advent until Christmas. The four Sundays of Advent, as observed in the Church of England and in the Roman Church, were probably introduced into the calendar by Gregory the

It was common from an early period to speak of the coming of Christ as fourfold. His "first coming in the flesh," his coming at the hour of death to receive his faithful followers according to the expressions used by St. John, his coming at the fall of Jerusalem and at the day of judgment. According to this fourfold view of Advent the "gospels" were chosen for the four Sundays.

THE PESTIVAL.

The festival of Advent is intended to accord in spirit with the object celebrated. As man-kind was once called upon to prepare for the personal coming of Christ, so, according to the idea that the ecclesiastical year should represent the life of the founder of the Church, Christians are exhorted during this festival to look for a spiritual advent of Christ. The time of the year when the shortening days are hastening toward the solstice. which almost coincides with the festival of the Nativity, is thought to harmonize with the strain of sentiment proper during the Ad-

In opposition possibly to heathen festivals, observed by ancient Romans and Germans, which took place at the same season, the which took place at the same season, the Catholic Church ordained that the four weeks of Advent should be kept as a time of penitence, according to the words of Christ, "Repent, for the kingdom of heaven is at hand." During these weeks, therefore, public amusements, marriage festivities and dancing were prohibited, fasts were appointed and sombre garments were used in religious ceremonies. The Protestant Church of Germany has also abstained from public recreation and celebration of marriage during Advent. At one time Advent was observed almost as one time Advent was observed almost as strictly as Lent, but the rule is now relaxed, and in the Church of England fasting is now confined to the week in which Ember day, December 13th, occurs.

THE DASHIELL REWARD. Much Speculation as to His Whereabouts.

Treaty With Mexico. Since the offering of a reward of \$150 by Chief-of-Police Poe for W. S. Dashiell, the speculation as to his whereabouts has started again and rumor is rife of his having been seen. A flying report of his having been seen in Mexico, just over the line from Texas, strengthens the theory that he is in that country. One reason for thinking that he has gone to Mexico is the knowledge by the positive that a form Pilland and the first that a form of the state of th lice that a former Richmond man, who left this city under a cloud a few years ago, is living across the border in the vicinity of the Texas line. Dashiell was well acquainted with the man referred to, and on the theory that birds of a feather flock together some of the police force believe that he is now in that

neighborhood.

In this view of the matter the question as to whether an extradition treaty exists between the country and Mexico, which would cover Dashiell's case were he apprehended, is

being much discussed.

There is a treaty between Mexico and the United States, made December, 11, 1851, which refers to the crimes for which extradition is provided and names forgery as being one of them, including the forgery or making or knowingly passing or putting in circulation counterfeit coin or bank notes, etc. The treaty is found in volume 12, United States Statutes at Large, page 1199.
